Tips and Tricks

POC (Point of Care) Lab Test Results and new POC Lab Results Widget- Document all POC lab test results in the Lab Tests Form, including a new option to document COVID-19 rapid test result, and find results in new widget.

All hospital units at BHD should document all POC test results in the Lab Tests Form.

From Home View, select the client and enter lab test in the Search Forms box. Select the Lab Tests Form.

Select the appropriate Episode of Care as needed.

| Episode | Program | Start |
|---------|------------------------------|------------|
| 37 | WCS-Outpatient Plus | 03/22/2020 |
| 36 | 43A Intensive Treatment Unit | 03/17/2020 |
| 27 | JusticePoint-RSC | 11/27/2019 |

1. Select 'Yes' to enable the other fields in the form.
2. Select the appropriate POC test from the drop-down list.
3. Enter test results and Test Notes (as appropriate).
4. Submit the form.

Are there any lab test results to record?

☒ Yes ☐ No ☐ N/A

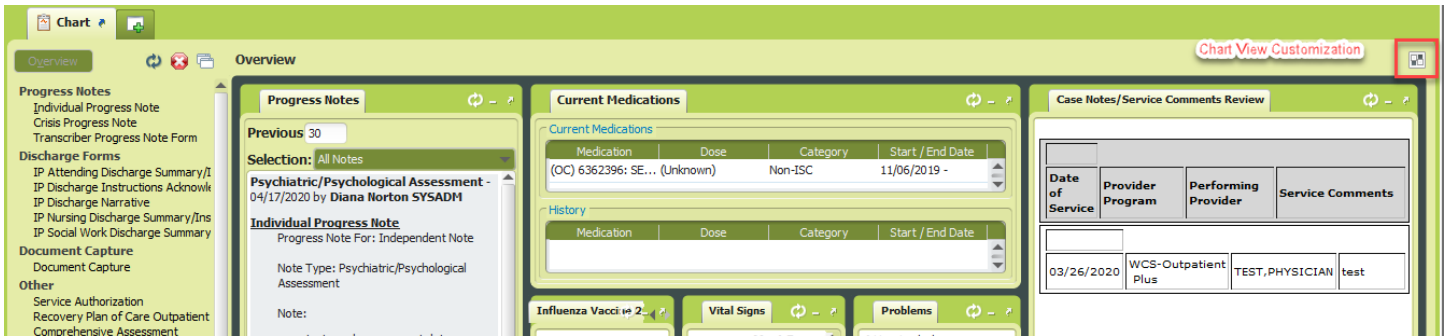

Type of Test: COVID19 IgM/IgG

Test Date: [] T Test Time: [] Current

Test Result: Enter test result here.

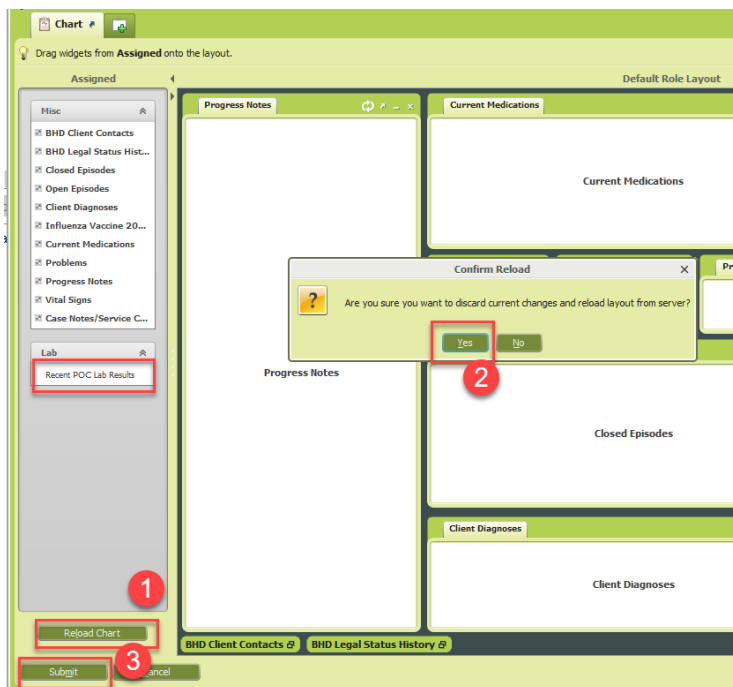

Test Note: Enter applicable notes here.

A new chart view widget has been added to display recent POC lab test results. To add the new widget to Chart View, click on the customization icon.

From the customization window:

1. Click Reload Chart.
2. Select Yes from the resulting pop-up to confirm reload.
3. Click Submit.

The new widget, **Recent POC Lab Results**, displays results for POC lab tests entered via the Lab Test Form in the last 30 days.
